Final transnational project meeting in Bratislava

On 4 and 5 May 2023, final transnational project meeting took place in Bratislava, Slovakia. The meeting was attended by representatives of all partners' organizations. The project outputs are ready, only final adjustments, preparation and implementation of the final Multiplier sport events in the partners' countries and also preparation of the Final report were discussed.

An important part of the meetings was also their informal part. International meetings bring together diverse cultures, languages, and perspectives. Informal gatherings provide a relaxed environment where participants can exchange cultural insights, customs, and traditions. Understanding each other's cultures fosters mutual respect and reduces misunderstandings, enabling more effective communication and cooperation during the formal proceedings.
